## Mughal Ivory Powder Horn

**Date**

17th century

**Primary Maker**

Unknown

**Medium**

carved ivory, inlaid with traces of red pigment and silver stopper attachment

**Description**

Carved ivory primer with an overall shape of a fish-like composite animal. Its decoration in high relief consists of a winged lion attacking an antelope with elephant heads on either side. These animals of the hunt are repeated in smaller scale and in high and low relief.

**Dimensions**

Length: 27 cm (10 5/8 in.)
