

# Basic Detail Report

---

## **A meeting at Valle del Belice about the damage caused by the Earthquake six years previously**

### **Date**

1974-1974

### **Medium**

gelatin silver print

### **Description**

The Valle del Belice is the valley of the Belice river, in south-western Sicily, Italy. It lies in the provinces of Agrigento, Palermo and Trapani. The valley was struck by an earthquake in January 1968; in 2012 the damage had still not been fully repaired.

### **Dimensions**

Overall: 20.2 x 30.2 cm (8 x 11 7/8 in.)
