Description

On 26 August 1984 a mass killing by the organized criminal gangs of the Camorra took place at Torre Annunziata in the vicinity of Naples, to avenge the death of one of their members; 8 people were killed, 7 were wounded in the retaliation. On the wall: 'strage della Camorra a Torre Annunziata' [massacre by the Camorra in Torre Annunziata] La camorra colpisce ancora la vita civile e democratica in tutto il Napoletano. Lo Stato e le istituzioni [...] adeguatamente alla sfida criminale, rafforzando la presenza delle forze dell' ordine, sconfiggendo [...]sistenze e connivenze, applicando con rigore tutte le misure di prevenzione e repressione del crimine organizzato, restituendo ai cittadini serenità e fiducia." [massacre by the Camorra in Torre Annunziata].Once again the Camorra has hit the civil and democratic life of the Neapolitan region. The State and the institutions [...]responded?] adequately to this criminal challenge, strenghtening the presence of law enforcers, defeating [...] and connivence, rigorously applying all the preventative measures for the repression of organized crime, bringing back trust and peace of mind to the citizens.]
