Description

Alexandros Panagoulis was a Greek politician and poet. He took an active role in the fight against the Regime of the Colonels in Greece. He became famous for his attempt to assassinate dictator Georgios Papadopoulos on 13 August 1968, but also for the torture that he was subjected to during his detention. He reportedly refused amnesty offers from the junta. In August 1973, after four and a half years in jail, he benefited from a general amnesty that the military regime granted to all political prisoners during a failed attempt by Papadopoulos to liberalize his regime. Panagoulis went into self-exile in Florence, Italy, in order to continue the resistance. There he was hosted by Oriana Fallaci, his companion who was to become his biographer. Oriana Fallaci was an Italian journalist, author, and political interviewer. A partisan during World War II, she had a long and successful journalistic career. Fallaci became famous worldwide for her coverage of war and revolution, and her interviews with many world leaders during the 1960s, 1970s and 1980s.
