

Basic Detail Report

English musician Phil Collins and his second

wife, Jill Tavelman

Date

1969-1979

Medium

gelatin silver print

Description

Phil Collins is an English singer, songwriter, multi-instrumentalist, music producer, actor, and author. He gained fame as both the drummer and lead singer for the rock band Genesis, as well as world wide success as a solo artist. Collins sang the lead vocals on dozens of hit albums and singles in the UK and the US between 1976 and 2010, either solo or with Genesis. Collins is among the best-selling music artists of all time with 33.5 million RIAA-certified albums sold in the US and an estimated 150 million worldwide. He is one of three recording artists (along with Paul McCartney and Michael Jackson) who have sold over 100 million albums worldwide both as solo artists and (separately) as principal members of a band. AllMusic describes Collins as "one of the most successful pop and adult contemporary singers of the '80s and beyond".

Dimensions

Overall: 18.1 x 24.3 cm (7 1/8 x 9 4/8 in.)
